

DARE TO DIY DIFFERENTLY

Liquid Rubber Deck & Patio Cleaner is a safe, ready to use product for cleaning and brightening grey weathered exterior wood. Can be used on decks, siding, furniture, and fences. This specialized cleaner is based on an organic, non-corrosive acid salt and other naturally occurring ingredients that have been formulated to replace corrosive and hazardous cleaning products.

Liquid Rubber Deck & Patio Cleaner removes moss, dirt, and grey fibers from weathered wood. Will not harm plants or shrubs.

LIQUID RUBBER DECK & PATIO CLEANER PERFORMANCE

FEATURES

- Safe & Effective
- Non-Corrosive
- Low Odor
- Restores Grey Weathered Wood
- Easy to Use
- No Specialized Equipment Needed

APPLICATION EQUIPMENT

Liquid Rubber Deck & Patio Cleaner is ready to use, do not dilute. Sweep the surface clean. Wet the surface lightly with garden hose. Apply product generously using a brush, roller, or garden sprayer suitable for bleach. Allow solution to stand for 5 minutes. Scrub the surface with stiff bristle brush. Scrub a small section first to determine if area is cleaned. Rinse the surface thoroughly using a pressure washer with light pressure or a high-pressure nozzle on a garden hose.

DRYING TIME

Drying time will vary with environmental conditions and is generally between 4-6 hrs. Be sure the surface is completely dry before application of primers and coatings.

SUITABLE APPLICATIONS INCLUDE BUT ARE NOT LIMITED TO

- Interior Wood
 - Concrete Patios
 - Siding
 - Exterior Wood
 - Patio Stones
 - Vinyl
-
